**"STAYS DRY AND CLEANER LONGER"**

Young birds keep it fluffed up easily and it is safe to use under brooders because it is fire resistant. Use for all birds for faster growth, better egg production.

- 1 **ABSORBS MORE MOISTURE** and disperses it rapidly to maintain a dry, clean, warm blanket on the floor.
- 2 **FORMS SMOOTH BED** because it is light and clean, does not bunch up to make uneven cover with bare spots.
- 3 **DOES NOT PACK** under any conditions and the smallest birds keep it fluffed up. Droppings dry and fall through rapidly.
- 4 **KEEPS BIRDS DRIER, HEALTHIER** because it absorbs more moisture, evaporates it quickly to prevent growth of mold and disease germs.
- 5 **PROTECTS BIRDS' FEET** because there are no coarse, hard or sharp materials in it. Will not pack or dry in hard lumps.
- 6 **COSTS LESS** because it stays dry and fluffy longer, less has to be added to keep a clean blanket on the floor.

## THE FUTURITY ADVISORY COMMITTEE

The North Dakota Futurity has long been governed by a committee composed of representatives of the state beef cattle breed associations. The committee has been expanded to include representatives of the Swine Breeders Association and the responsibility of this committee has been enlarged to include co-ordination of all livestock activities for the week. These men attend meetings regularly, giving freely of their time and energy to ensure the continued growth of this, the state's leading livestock show.

# 1960 FUTURITY

The North Dakota Bull and Heifer Futurity continues to be a powerful stimulus to breed improvement. The active participation of large and small breeders of each of the three breeds from all parts of the state indicates the acceptance of this show as the show window of the North Dakota cattle industry.

The record, listed below, indicates the balance of the three breeds that has been maintained during recent years. This year's entries are consigned by 76 breeders.

	SHORTHORN	HEREFORD	ANGUS	TOTALS
1947	79	100	79	258
1948	80	115	71	267
1949	89	104	79	272
1950	91	123	97	311
1951	57	133	77	267
1952	70	139	104	313
1953	64	108	109	281
1954	49	128	117	294
1955	62	147	80	289
1956	72	123	95	290
1957	59	116	92	267
1958	47	99	79	225
1959	65	93	108	266
1960	68	114	121	303

Again as in past years due to the size of the show, the Futurity judging will start on Tuesday afternoon. The cattle in this show are always good, the competition keen, the sportsmanship fine, and the show great.

## THREE PAIR CLASSES IN EACH BREED

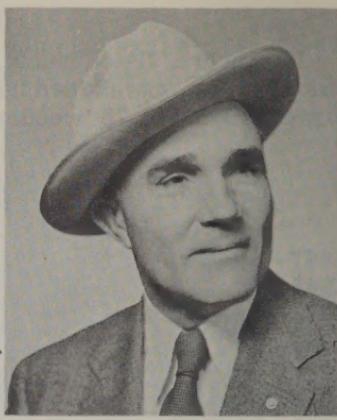

Entries can be made at time of show. All animals must have been shown previously in regular Futurity classes:

1. Pair of Bulls Class. Both animals property of exhibitor. Final entries on show day. Trophy to each breed winner.
2. Pair of Heifers Class. Both animals property of exhibitor. Final entries on show day. Trophy to each breed winner.
3. Get of Sire Class. Three animals by the same sire, both sexes represented. Animals need not necessarily be property of exhibitor when show. Clerk is to be furnished with name and registry number of animals shown and of sire of the get. \$10.00 for each of 10 places in the breed with the largest entry. The number of places paid in other breeds in proportion to the number of entries exhibited. Each breed follows the classification recommended by their official breed association for cattle born on or between the dates of May 1, 1958 and April 30, 1959. This results in 10 classes of Angus and Herefords and 6 classes of Shorthorns.

## 1960 FUTURITY JUDGES

Mr. Emil Rezac, Tabor, South Dakota, one of the area's most respected judges and a Hereford breeder with years of experience will serve as the Hereford judge this year.

Mr. Hollis Hanson, Connersville, Indiana, an outstanding breeder of Shorthorn cattle will serve as judge of the Shorthorn division.

Mr. Clayton Jennings, Angus breeder from Highmore, South Dakota, has been selected to judge the Angus division. Having attended this show many times, Clayton needs no introduction to this show.

Fred S. Hultz, President of N.D.A.C. is a busy and able administrator. His first love, however was livestock and he guards zealously his opportunities to contact members of the purebred fraternity. We are indeed happy that again in 1960, he has found time to serve on the Championship committee for the twelfth year.

### COMMITTEE TO PICK GRAND CHAMPIONS

The interbreed Futurity Champions will again be picked by a committee of five. The committee will be composed of Hollis Hanson, Shorthorn Judge, Emil Rezac, Hereford Judge, Clayton Jennings, Angus Judge, and F. S. Hultz, President of North Dakota Agricultural College.

The Grand Champion Awards will be made at approximately 4:00 p. m., Wednesday March 9.

Each member of the committee arrives at independent decision on each Championship. Committee members do not confer nor discuss with one another the merits of the different animals. They indicate their individual choices by secret ballot. Majority vote on each championship determines the winner.

The soundness of this system of picking the interbreed Champions has been demonstrated at previous Futurities. It works not only because competent men are secured to act upon the committee but because of good sportsmanship manifested on the part of the Futurity breeders in cheerfully accepting the decisions. The interbred championship showing has done much to foster loyalty and competitive spirit without arousing ill feeling or prejudice. Adherents of each breed are inspired to produce better and better cattle.

## SENIOR FUTURITY PLAQUES

## SPECIAL AWARDS

The American Shorthorn Breeders' Association will increase the amount of each local Futurity premium in the Shorthorn classes by 50%. The American Aberdeen-Angus Breeders' Association limits its contribution to \$600.00 and the addition to individual local premiums in Angus classes will be somewhere between 40% and 45%. The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays 20% of the total premiums of \$5.00 or more offered for registered Hereford breeding cattle. The Association's share will be mailed directly from their Kansas City office. Therefore, the Hereford premiums listed on page six will be increased by 25%.

The Angus and Shorthorn Associations are making available special \$25 premiums to winners of Futurity Grand Champion Bull and Futurity Grand Champion Heifer if won by representatives of their respective breeds. In addition, the Shorthorn and Angus National Associations are making special \$15 premiums available for Futurity Reserve Champion Bull and Futurity Reserve Champion Heifer when or if won by representatives of their breeds.

The North Dakota Winter Show will award a belt buckle to herdsman from each breed, judged to be the best housekeeper. Appearance of cattle, stall and alleys will be considered. Owner Herdsman are eligible as well as professional herdsman. Each exhibitor is to indicate who is to be considered herdsman in charge.

## ANGUS PREMIER EXHIBIT

The Angus premier exhibit award will be given by the North Dakota Angus Association to the breeder who presents his cattle in the best possible manner.

The McGregor Memorial Trophy will be awarded to the exhibitor of the Champion Futurity Angus Bull.

The Marjoribanks Traveling Trophy will be presented to the exhibitor of the Champion Futurity Angus Heifer.

## THE JUNIOR FUTURITY

The Greatest Junior Futurity Show in the World is perhaps the proper phrasing for this outstanding group. The quality of the youngsters, the quality of their calves and the zest and pride they show in their work is a tribute to the foresight of the Winter Show Board, to the breeders of the calves and to the parents that provide the opportunity for these youngsters to lay the foundation for a purebred herd of their own.

## PURPOSES OF THE JUNIOR FUTURITY

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To stimulate the incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

## RULES AND REGULATIONS FOR 1960

1. Membership in the Junior Futurity is open to North Dakota 4-H Club members enrolled in beef breeding projects, and to FFA members in good standing. Once a member, always a member until age requirements of the 4-H and FFA bar further participation. Members who have won two purple group awards in the state show are no longer eligible to exhibit anything in Junior Futurity classes except progeny from previous Junior Futurity heifers.
2. To be eligible for exhibition in the Junior Futurity state show the calf must:
  - (a.) Be a purebred Aberdeen-Angus, Hereford or Shorthorn heifer, born on or after May 1, 1958 and before May 1, 1959 eligible for registration, and bred by the member or by a North Dakota breeder, or purchased in dam.
  - (b.) Be in possession of the member by November 15, 1959. Progeny from Junior Futurity heifers of past years may be exhibited by members as follows:
    - (a.) Female progeny may be entered in the regular Junior Futurity classes for heifers.
    - (b.) Male progeny, born on or after May 1, 1958 and before May 1, 1959 may be entered in a special progeny bull class.
3. Members are restricted to an entry of one calf in the heifer class, unless additional entries are female progeny from previous Junior Futurity calves. In this event the one calf restriction does not apply. In the bull progeny class, no restriction on number of entries is applicable.
4. Entries in the Junior Futurity classes must be made by November 15, 1959 on entry forms which may be obtained from county extension agents or instructors of vocational agriculture, and are to be accompanied by an entry fee of \$1.00 per head. 4-H Club entries are to have the prior approval of county extension agents, and FFA are to have the prior approval of instructors of vocational agriculture.
5. Registration papers are to be presented by members to their county agent by the time of the Winter Show at Valley City, showing that ownership of entry is recorded in the member's name only.
6. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

WINNERS OF PLAQUES IN THE JUNIOR FUTURITY FOR 1959  
L. to R., Diana Moore, Cogswell; Marlon Lockhart, Egeland;  
Margie Olson, Argusville; Gerald Spickler, Grace City; Jerry  
Letness, Hillsboro and David Sauer, Sanborn, North Dakota.

## PICTURES FOR BLUE RIBBON WINNERS

The North Dakota Farm Bureau, Nodak Mutual Insurance Company, The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing.

## BEST STALL EXHIBIT

A sterling belt buckle will be given to the Junior Futurity exhibitor that has the best appearing stall for each breed. To be considered will be daily cooperation, neatness, decoration, cleanliness and grooming of the calf. These awards are given by the N. Dakota Hereford Assoc., the N. D. Shorthorn Association and the North Dakota Angus Association.

The Group System of judging will be used in the Junior Futurity. The blue ribbon group will also be lined up numerically. Factors determining the groups into which each will be placed are: size for age, condition, quality, breed character, type and conformation.

Blue group calves will be those considered highly desirable for foundation stock in the establishment of purebred herds. Red group calves will be those somewhat less desirable for foundation animals, yet satisfactory for the most part. White group calves can be considered more or less wholly unsatisfactory for foundation animals. With the latter, the road to top quality breeding herds is too slow and too often disappointing.

Following classification into the three groups referred to above, all blue group calves will be returned to the judging arena. The judge will then select any truly outstanding calves and these will be designated Purple group calves.

Purple group calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

## JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amount depending upon whether blue, red or white group placings are won. In addition, each exhibitor wins a ribbon - blue for blue group placing, red for red group and white for white group. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete the individual awards cannot be determined by the Futurity managers.

## UNION STOCKYARDS LIVESTOCK MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Com. Co, Montgomery & Sons, Sig Ellingson and Co.

*Terms and Conditions*

1. Each animal will be sold to the highest bidder without reserve.
2. All animals must be paid for in cash on the day of the sale.
3. Animals are at owner's risk as soon as purchased in the sale ring but will be cared for until Monday A. M., March 9, 1960.
4. All animals will be transferred on the books of the respective Registry Associations in the name of the purchaser and without cost to him.
5. Mail order bids may be sent to the Sale Committee, Larry Iverson, Manager, Valley City, North Dakota.
6. Buyers may obtain a copy of the health certificate at no cost to them from the clerk before the animals are removed from the sale barn.
7. Breeding dates given in catalog for gilts, or as announced from the block are as accurate as the owners can provide. Claims referring to animals proving not to have been bred must be filed with the seller within one week following stated farrowing date. Gilts showing with pig in the ring are sold without recourse.
8. The North Dakota Swine Breeders Association and the Winter Show act as agents for buyer and seller only and accept no responsibility for the animals.
9. All gilts have been treated for cholera and are considered immune. The treatment used is in catalogue or will be announced.
10. All gilts sold meet all North Dakota Livestock sanitation rules.
11. Any Gilt which farrows during the show will forfeit all Premium money and will be disqualified from the sale.

## GATE ORDERS

## Terms and Conditions

Adopted by the Board of Directors, American Angus Association, December 1, 1955; amended November 29, 1956, and suggested for Association and individual breeders.

1. Each animal will be sold to the highest bidder without reserve.
2. The Auctioneer in charge, will settle any disputes as to bids, and his decision on such matters shall be final.
3. Each animal will be at purchaser's risk as soon as sold; but it shall be the obligation of the consignor to see that his animals are fed and cared for, free of charge to purchaser, until delivery to him or until the expiration of 48 hours after the sale, whichever occurs sooner.
4. A certificate of registry and transfer will be furnished for each animal sold.
5. All cattle have been tested for T. B. and Bang's disease within 30 days of sale date, and tests have been made by a federally accredited veterinarian, and the blood samples have been tested by the tube method at a state or federally accredited laboratory. A certificate of vaccination will be furnished for all cattle which have been vaccinated for Bang's disease and do not show a completely negative reaction.
6. Breeding dates will be supplied on date of sale. Any changes from information of any kind in the catalog will be announced from the Auction box and these will take precedence.
7. Breeding guarantee. All animals sold are guaranteed to be breeders. All females shall be sold either as "open" or as "guaranteed safe in calf." Open heifers have not been served. Those reported as safe in calf are so guaranteed. If they prove not to be in calf, the seller may make a refund of 20%, which will be considered satisfactory settlement, and will absolve the seller from further liability. Females safe in calf are considered breeders without further guarantee. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd under 18 months of age. Any bull which settles naturally at least one-third of the healthy cows he breeds will be considered a breeder. Any animal not complying with any of these breeding guarantees may be returned to the farm of the seller at the buyer's expense, if in good condition and complying with the health requirements of the seller's State, and shall entitle the buyer to a satisfactory adjustment. In the case of an animal claimed to be a non-breeder, the seller shall be entitled to six months following the return of the animal, in which to demonstrate that the animal is a breeder. A refund in the case of an animal sold as safe in calf but proving not to be so, shall not preclude the buyer from returning the same animal as a non-breeder; but in such event the seller, in making adjustment on the returned animal, shall be entitled to credit for the amount of any refund previously made hereunder.
8. The above guarantees shall not apply as to calves sold at side, or to animals shown by the purchaser after sale, but in such cases the guarantees, if any, shall be such as agreed upon between the seller and the buyer.
9. Terms of sale are cash. Under no circumstances shall seller be required to extend credit, although he is free to do so by direct agreement with the buyer. The North Dakota Angus Association is not authorized to extend any credit whatsoever.
10. The above guarantees and terms of sale shall constitute a contract between the buyer and seller of each Lot, and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction, and the rights and obligations of the two parties thereto are not affected by their respective rights or obligations in any prior or subsequent sale of the same animal. Neither the North Dakota Angus Association, the Sale Manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.
11. All persons attending sales do so at their own risk. Neither the North Dakota Angus Association, the Sale Manager, nor any other person connected with the management of the sale, assumes any liability for the safety of the building or premises, or for the behavior of animals.

## Terms and Conditions

Each animal will be sold to the highest bidder with reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale - but at the purchaser's risk - and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

**TERMS - CASH** - Unless otherwise arranged prior to the sale. Parties desiring to settle by personal check should have bank letters of credit.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is consummated. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and no further guarantee of any kind will be given with them.

All cattle entered have been tested for tuberculosis and abortion. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

**Mail Orders** - For those unable to attend, buying instructions may be sent to Larry Iverson, Sales Manager, or other representatives.

In order to fully protect the buyers, the North Dakota Hereford Association has passed the following resolution; "There shall be no by bidding or reserve bidding by any consignor at a North Dakota Hereford Association Sponsored sale. Any consignor violating this rule will be suspended from membership in the Association".

**You've helped us . . .  
we hope we've  
helped YOU!**

On this 23rd Annual North Dakota Winter Show in Valley City, accept our thanks and congratulations.

You have helped MELROE become a recognized name in the farm implement business. Because of your efforts and the demand you have helped create for MELROE equipment, we have maintained a steady, solid growth.

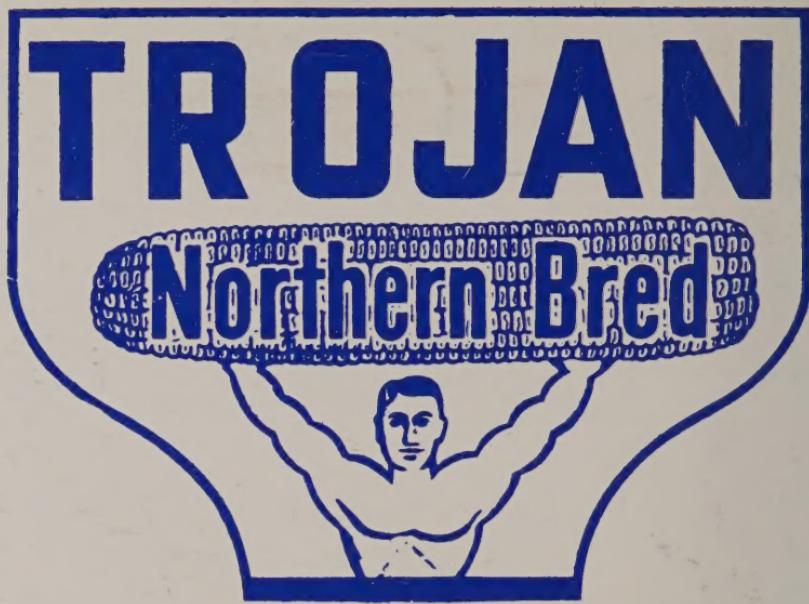

We will continue to manufacture only top-quality equipment for farm customers. The MELROE Harroweeder and the MELROE Windrow Pickup are constantly being studied and tested for possible improvement. Your advice and suggestions are welcomed. This way we can adequately serve you and continue to bring you first-line farm equipment.
